1. In addition to MGLA-9758 and MGLA-3554, following are the only possible traces on Karl MARKOVIC which we could find here:

MGLA-1944, dated 5 August 1952:

MARKOVIC (fnu) - assistant professor at the Bratislava Technical College in 1949; born about 1911; 1.78m tall; brown hair and eyes; held lectures on business organization; also director of the Kabel Gumon plant in Bratislava; known as a Communist. (Info dated 1949).

MGLA-1437, dated 23 January 1950:

Several physicians (M. U. Dr. MARKOVIC) were included among those escorted illegally across the Czech border into Germany via Klatovy and Regensburg by the underground organization of Ljubomir M. HANAK.

2. Since our information on MARKOVIC is unfortunately meager, it is hoped that ☐ inquiries will produce some definite information on his background and on his reasons for writing the attachment to reference.
